HEATHER MILLER

_						
C	ıtı	ize	n	S	h	lp

USA

Education

EPFL, Lausanne, Switzerland

2009 - 2015

Ph.D. in Computer Science Advisor: Martin Odersky

2011 - 2015

University of Miami, Coral Gables, FL

2006 - 2009

BSEE in Electrical Engineering, Audio Engineering, with honors, May 2009

Cooper Union for the Advancement of Science and Art, New York, NY

2004 - 2006

Professional Experience

Research Intern, Databricks, Berkeley, CA, USA

8/2014 - 11/2014

Supervisor: Matei Zaharia

Integrated Scala Pickling, our framework for fast, boilerplate-free, extensible serialization focused on distributed programming (OOPSLA'13) into Spark. Developed new function-passing programming model and framework, can be thought of as a generalization of Spark/MapReduce programming model.

Teaching Experience

Lecturer, Co-Designer, *Reactive Programming & Parallelism* EPFL Undergraduate course on parallel, distributed, and asynchronous

2015

programming (~90 students)

Lecturer, Co-Designer, Parallel Programming & Data Analysis

2015

Upcoming Coursera MOOC on parallel, distributed, and asynchronous programming.

Lead, Functional Programming Principles in Scala
Popular Coursera MOOC on functional programming in Scala,
with >200,000 participants to date & largest completion
rate for a course its size (~19%)

2012 - 2014

- Lead teaching staff organizing a team of graduate students, managing content production, designed course exercises with cloud-hosted grading, production of lecture videos, etc
- Created extensive course analysis with interactive visualizations; led to a publication at ICSE'14

(Lead) Teaching Assistant, Programming Principles

2011-2014

Required EPFL undergraduate course on functional & logic programming (~160 students)

Instructor, Scala as a Research Tool

2013

ECOOP Tutorial

Research Interests

Concurrent, distributed, data-centric, and data-intensive (big data) programming, from the perspective of programming languages. I work on both theoretical ideas & implementations for the Scala programming language which seek to make it easier to build distributed systems.

June 2012

Open Source

Scala Programming Language, member of the Scala team

2011 -

- Scala Spores (Scala Improvement Proposal SIP-21), project lead novel type-based abstraction for using closures safely in concurrent and distributed environments
- Scala Pickling, project lead novel framework for fast, boilerplate-free, extensible serialization. Adopted by sbt, the most widely-used build tool for Scala. Popular open-source project on GitHub with >480 stars & dozens of contributors
- Scala Futures & Promises (Scala Improvement Proposal SIP-14), *team member* unified non-blocking concurrency substrate for Scala, Akka, Play, and others
- Scala Documentation, *creator*, *writer*, *lead maintainer* a central website for community-driven documentation for the Scala programming language and core libraries
- Scaladoc, co-maintainer documentation tool for Scala's official API documentation

Honors

HONG 10: E 10 O 1 O 1 EU 1:	
US National Science Foundation Graduate Research Fellowship	2011 - 2014
EPFL Outstanding Teaching Award	2012
EPFL Computer Science Fellowship	2009 - 2010
Most Outstanding Audio Engineering Student, University of Miami	2009
Most Outstanding Eta Kappa Nu Student, University of Miami	2009
Information Technology Scholarship, University of Miami	2006 - 2009
John Farina Family Scholarship, University of Miami	2006 - 2009
